V. Selection Process

V1. First meeting:

V.1.1. The selection committee first decides on the admission and exclusion of applications. In case of non-compliance or partial compliance with any of the requirements established under section III. above, the committee decides whether this irregularity prevents them accepting the application, or if it has no relevant impact on the evaluation process, in which case the application may nevertheless be accepted.

V.1.2. After deciding on the admission and exclusion of candidates, the Committee begins the procedures related to the phased application of the selection methods. First, it assesses the scientific background and CV of all the admitted candidates. The merit of the candidates will only be assessed based on their previous experience in the scientific area(s) for which the tender is open, according to the selection criteria and evaluation parameters described in this public notice. The candidates' merit and experience in other areas must not therefore be taken into consideration by the Committee. The ranking of the candidates in the ABC method is based on the scores given to each candidate.

V.1.3. Candidates both excluded and admitted to the interview must be notified by e-mail.

V.2. Second meeting:

V.2.1. The Selection Committee conducts the interviews with the admitted candidates, which must have the maximum duration of one hour, although the Chairman of the Committee may decide to extend it for a further period of 30 minutes. The Committee must only consider the merit of the candidates based on their experience in the scientific area(s) for which the tender is open. The interview is conducted by the Chairman of the Committee, although other committee members may also interact with the candidate. This interview must be held in Portuguese unless the candidate or any members of the Committee are not proficient in that language. In this case, it may be conducted in English, upon decision of the Chairman.

V.2.2. Candidates who fail to attend the interview at the set time and place must be excluded from the tender procedure. Similarly, candidates failing to attend a duly scheduled teleconference call must also be deemed excluded.

V.2.3. After conducting and scoring the interviews, the Committee calculates the final score and ranks the candidates approved in both methods by applying the formula defined above in **IV.7**.

V.2.4. The notification of the final draft decision, which contains the list with the provisional ranking of approved candidates, as well as the list of excluded candidates, will be sent to candidates by e-mail.

V.3. Candidates can, if they so wish, appeal the decision of the Committee, in due respect for their right to a fair hearing, pursuant to Article 121 of *Código do Procedimento Administrativo* [CPA - Code of Administrative Proceedings]. The period to submit an appeal begins on the day of notification of the final draft decision.

V.4. Third meeting:

V.4.1. If any of the candidates exercises their right to be heard, the Selection Committee must hold a third meeting to analyse the request, and the candidates will be notified of its deliberations by e-mail.

V.4.2. If the Selection Committee finds the candidates' allegations well-founded, it must proceed according to its deliberations, thereby notifying the candidates by e-mail.

V.4.3. If the Selection Committee finds such allegations unfounded, the candidates are notified, and the procedure must then be submitted to the head authority of IATV for approval.

V.5. All candidates will be notified regarding the final decision by e-mail. The administrative records of the tender may be consulted by the candidates, through prior scheduling by e-mail to iatv@uc.pt.

The selection committee deliberates by roll call vote based on the selection criteria adopted and disclosed, with no abstentions allowed. The final classification results from the arithmetic average of the classifications assigned by each member of the selection committee.
